Account No. 110012220-02, Richard & Georgine Codiga
9231 North Egret Court, Gilroy California - gvscott57@yahoo.com

Dear City of Gilroy CITY CLERK Thai Pham:

Please provide the following documents pursuant to California Government Code 6250 et. Seq.:

1. All City of Gilroy policies, codes, regulations, ordinances, etc., that address, describe, or establish the placement or use of a water pipe connection from the City water main to an individual property.
2. All City of Gilroy policies, codes, regulations, ordinances, etc., including billing requirement policies that specifically address, describe, or establish the responsibility of a billing party to pay for damage, water leaks, etc. arising from damage to a water pipe that is not (nor has not) physically entered the billing party's physical location (i.e. property).
3. All City of Gilroy policies, codes, regulations, ordinances, etc., that address, describe, or establish the responsibility of a City of Gilroy representative when approving or authorizing the placement, connection, etc. of water pipe from the City water main onto the physical location of a billing party.
4. All City of Gilroy policies, codes, regulations, ordinances, etc., that specify a billing party is responsible to the City for costs arising from damage, leaks, etc. to water pipes located on their neighbor's property.

I look forward to your prompt response.

This is a request for government agency records made under the right of access granted by the Constitution of the State of California as amended by the passage of Prop 59 on Nov. 3, 2004, as well as the provisions of the California Public Records Act, California Government Code §6251, with emphasis on the requirements of 6253.1.

I request the following records:

The resolutions determining industrial disability retirements made by the HR manager 2015 and 2016. These determinations are ordinarily made by the contracting agencies governing board per Cal Govt. Code § 21154 but per Cal Govt. Code§ 21173 the authority was delegated to the city manager through City Council Resolution 1993-71.

If you believe portions of the information I have requested are exempt from disclosure by express provisions of law, government code section 6253 (a) additionally requires segregation and deletion of that material in order that the remainder of the information be released. If you determine that an express provision of law exists to exempt from disclosure all or a portion of the material I have requested, Government Code Section 6253(c) requires notification to me of the reasons for that determination. In addition, be advised that the Constitution of the State of California, as amended by Prop. 59, requires that you take the broadest possible position to disclose these records when reviewing this request. It is also your constitutional duty to take the narrowest possible view of any exemptions to disclosure of these records. As you know, the act allows you 10 days to research this matter, collect responsive records, and issue determinations which, if any, of those records, are subject to narrow exemptions to disclosure.

I also draw your attention to Government Code section 6253.1, which requires a public agency to assist the public in making a focused and effective request by (1) identifying records and information responsive to the request, (2) describing the information technology and physical location in which the records exist, and (3) providing suggestions for overcoming any practical basis for denying access to the records or information sought. The purpose of this request is to obtain the above-referenced documents. Please provide your full compliance with 6253.1 should the need arise.

If any records requested above are available in electronic format, please provide them in an electronic format, as provided in Government Code § 6253.9. Please send any documents in electronic format to katey_rusch@berkeley.edu. Otherwise, please inquire for a mailing address.

Hi,

We are conducting research on solar activity in the U.S. and would like access to the following data:

- Note that we do not need the original records nor need scanned copies – just the data that can be produced in excel or CSV format by the software used by your department to track permits and an email receipt is preferred.
- Issued Residential and Commercial solar (photovoltaic - PV) permits from 08/01/2022 to 08/31/2022. If a separate Solar Permit category is not used in the permitting system, please provide data on all Building and Electrical Permits within the time frame specified AND
- Issued Residential and Commercial Energy Storage Systems permits from 08/01/2022 to 08/31/2022. If a separate Energy Storage category is not used in the permitting system, please provide data on all Building and Electrical Permits within the time frame specified
- The following data points: permit number, permit status, permit address, contractor, issue date, final date, permit type, sub-type, valuation (if available), work description and if possible, please include Storage/Battery Manufacturer Name.
- If possible, please provide the reports in CSV or excel format.
- If available, we need a final / completion date for the solar permits.

It's okay if there is a delay in this request, given the current situation with COVID-19.

Regards, and stay safe,
Chris

My company has been engaged to perform an environmental site assessment of commercial land located at 7865 Monterey Rd, Gilroy, CA 95020. As part of our due diligence and in accordance with ASTM production standards, we're requesting any documents that may exist regarding permits (tanks, dry-cleaning, printing, fuel dispensing, hazardous waste), tanks, spills, releases of hazardous materials, or known contaminated sites on our subject property.

SmartProcure is submitting a public records request to the City of Gilroy for any and all purchasing records from 5/16/2022 to current. The request is limited to readily available records without physically copying, scanning, or printing paper documents. Any editable electronic document is acceptable.

The specific information requested from your record-keeping system is:

1. Purchase order number. If purchase orders are not used a comparable substitute is acceptable, i.e., invoice, encumbrance, or check number
2. Purchase date
3. Line item details (Detailed description of the purchase)
4. Line item quantity
5. Line item price
6. Vendor ID number, name, address, contact person and their email address

If you would like to let me know what type of financial software you use, I may have report samples that help to determine how, or if, you are able to respond.

As an added security and privacy measure, there will be a unique upload link for any new requests moving forward, including this one. We appreciate your assistance towards this request. You may also attach the information to this email.

<p>on Nov. 3, 2004, as well as the provisions of the California Public Records Act, California Government Code §6251, with emphasis on the requirements of 6253.1.</p> <p>I request the following records: Documents that describe the process by which the city processes industrial disability retirement applications. Per Cal Govt. Code 21154, the governing body of a contracting agency makes this determination. I'm seeking documents that show who/how this determination has been made from 2010 to the present. If you believe portions of the information I have requested are exempt from disclosure by express provisions of law, government code section 6253 (a) additionally requires segregation and deletion of that material in order that the remainder of the information be released. If you determine that an express provision of law exists to exempt from disclosure all or a portion of the material I have requested, Government Code Section 6253(c) requires notification to me of the reasons for that determination. In addition, be advised that the Constitution of the State of California, as amended by Prop. 59, requires that you take the broadest possible position to disclose these records when reviewing this request. It is also your constitutional duty to take the narrowest possible view of any exemptions to disclosure of these records. As you know, the act allows you 10 days to research this matter, collect responsive records, and issue determinations which, if any, of those records, are subject to narrow exemptions to disclosure.</p> <p>I also draw your attention to Government Code section 6253.1, which requires a public agency to assist the public in making a focused and effective request by (1) identifying records and information responsive to the request, (2) describing the information technology and physical location in which the records exist, and (3) providing suggestions for overcoming any practical basis for denying access to the records or information sought. The purpose of this request is to obtain the above-referenced documents. Please provide your full compliance with 6253.1 should the need arise.</p> <p>If any records requested above are available in electronic format, please provide them in an electronic format, as provided in Government Code § 6253.9. Please send any documents in electronic format to katey_rusch@berkeley.edu. Otherwise, please inquire for a mailing address.</p> <p>To assist with the prompt release of responsive material, we ask that you make records available to us as you locate them, rather than waiting until all responsive records have been collected and copied.</p> <p>Because we are members of the media, we request that you waive any fees. However, should you be unable to do so, The Investigative Reporting Program will reimburse your agency for the "direct costs" of copying these records plus postage. If you anticipate these costs to exceed \$40, please notify me prior to making the copies.</p>

Hi,
We are conducting research on solar activity in the U.S. and would like access to the following data:

- Note that we do not need the original records nor need scanned copies – just the data that can be produced in excel or CSV format by the software used by your department to track permits and an email receipt is preferred.
- Issued Residential and Commercial solar (photovoltaic - PV) permits from 07/01/2022 to 07/31/2022. If a separate Solar Permit category is not used in the permitting system, please provide data on all Building and Electrical Permits within the time frame specified AND
- Issued Residential and Commercial Energy Storage Systems permits from 07/01/2022 to 07/31/2022 . If a separate Energy Storage category is not used in the permitting system, please provide data on all Building and Electrical Permits within the time frame specified
- The following data points: permit number, permit status, permit address, contractor, issue date, final date, permit type, sub-type, valuation (if available), work description and if possible please include Storage/Battery Manufacturer Name.
- If possible, please provide the reports in CSV or excel format.
- If available, we need a final / completion date for the solar permits.

It's okay if there is a delay in this request, given the current situation with COVID-19.
Regards, and stay safe,

I'm writing to request records under the California Public Records Act, Gov't Code §§6250 et seq., California Penal Code §§832.7-832.8, and Art. I, § 3(b) of the California Constitution ("the Act"). I am making this request in my capacity as a full-time journalist with The Associated Press.

Pursuant to the Act, I am requesting the police report and internal affairs report detailing the encounter and death of:

Jerry Magana case (died 9/18/2011)
John Ruiz (died, 8/9/2013)

Please note that as of 2019, SB 1421 gives the public the right to access investigatory records related to any incident where a law enforcement officer used force that resulted in serious injury or death. This access applies even if officers were justified in their actions.

Please exclude any property sheets, dispatch logs, victim confidentiality advisals, rap sheets or DMV records that may be included with the requested records.

I am making the request as an AP reporter and this request is made as part of newsgathering, not for commercial use. Release of the information will primarily benefit the public, as it will contribute significantly to the public understanding of law enforcement and public safety.

I would like to receive the information in electronic format. I also ask that you waive any fees associated with this request. If you deny this request for a fee waiver, please advise me in advance of the estimated charges if they are to exceed \$25.

If this request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the Act. I expect you to release all segregable portions of otherwise exempt material, and I look forward to hearing a response within 10 days, as required by the Act.

Please don't hesitate to contact me with any questions or clarifications.

As I am making this request as a journalist and the information is of timely value, I would appreciate your communicating with me by telephone at 202-412-7017 or e-mail at hwieffering@ap.org.

Thank you for your assistance.

Sincerely,

Helen Wieffering
