Motion was made by Member Lerner, seconded by Member Fissel and unanimously carried with a 5-0-0 vote to accept the June 13, 2018 minutes as corrected. Motion was made by Member Rosso, seconded by Member Coddington and carried with a 4-0-1 vote to accept the July 11, 2018 minutes as corrected, with Vice-Chair Lerner abstaining due to being absent on that date.

III. Presentation from Stan Ketchum, Senior Planner

Part-time Senior Planner Stan Ketchum explained that the City Council will be asked to take action on two affordable housing items at the September 10, 2018 City Council meeting: the Santa Clara County Cities Association Regional Housing Need Allocation (RHNA) Subregion Proposal and the June 21, 2018 Santa Clara County Civil Grand Jury Report- “Affordable Housing Crisis Density Is Our Destiny.”

Senior Planner Ketchum explained that the Subregion concept provides that instead of each city accepting the categories, very low, low, moderate, and above moderate, and amounts of housing that each city in the 9-county bay region is assigned by the Association of Bay Area Governments (ABAG) to try to achieve, a group of cities and one county can form their own region instead and develop their own methodology for how they want to divvy it up. The Santa Clara County Cities Association has asked each city to review and send comments/opinion back to them by the end of September. In October they will consider a vote of the Cities Association membership on whether or not to propose to ABAG to form such a Subregion. The proposal lays out the pros and cons for going forward with this. It gives cities more local control for decision making and provides flexibility (it would allow cities to trade allocations; there may be cases where one city would have more of

one income level category that they think they can accomplish). This proposal is being worked on now to be able to be in place when the next RHNA 8-year cycle begins in 2023.

Reid made a motion to accept the late delivered material entire Civil Grand Jury Report, seconded by Member Rosso and carried with a 5-0-0 vote. Eleven of the twelve recommendations Gilroy received, were also received by Morgan Hill. The City is required by penal code to prepare a response to each of the findings and recommendations assigned to the city. There is a table on page 30 of the Civil Grand Jury report that shows which findings and recommendations are assigned to which cities. The City has to respond by September 20th.

Re: **Introduction of Budget Request Process for FY 20 and FY 21**

Date: January 9, 2019

City staff are in the initial phases of budget development for Fiscal Years (FY) 2019-20 and 2020-21. The City Council asked staff during the 2017 budget process to seek input of commissions in the development of future budgets. Staff is requesting budget requests from commissions early in the process to receive input on what commissions would like to see funded in the upcoming budget cycle. Some requests may be included by staff into the staff recommended budget, but all comments will be compiled and Council will see all requests in the staff report and potentially the budget book itself.

Each commission is requested to identify what they desire to be funded, and an estimate of the cost to accomplish the request. Requests should link to one or more of the following:

- Any commission/committee work plan that has been established;
- Any master plan that the commission/committee works under; or
- Any Council Strategic Plan Goal

Staff will return at the next meeting to receive the comments and requests for budget appropriations. Comments and request should be issued by the board collectively, not each individual member. An action to approve the recommendations is advisable.

City of Gilroy
Policy Governing Board, Commission and Committee Attendance

BACKGROUND

The City of Gilroy's Boards, Commissions and Committees are established in order to provide advice and recommendations to the City Council and City Administrator, or in the context of quasi-judicial Boards and Commissions such as the Planning Commission and Building Board of Appeals, to make independent decisions and take administrative actions. The City Charter provides that, in addition to those Boards and Commissions established by the City Charter, the Council may create by ordinance such advisory boards or commissions as in its judgment are required, and may grant them such powers and duties as are consistent with the provisions of the City Charter. The City Charter describes that if a member absents themselves from three consecutive regular meetings without permission of such board or commission expressed in its official minutes, their office shall become vacant.
