Introduction

Gilroy has a rich history as an agricultural community and is widely recognized as the garlic capital of the world. The annual garlic festival is one of the most popular events in Northern California. Gilroy continues to be the home of major agricultural industries including Olam, Christopher Ranch, Syngenta, International Paper, Monterey Gourmet Foods, and others. Gilroy is located at the cross roads between the Bay Area, the Central Coast and the Central Valley, an important strategic location for many industries. The City’s retail base is extensive and serves as a visitor attraction in its own right. Gilroy Gardens Theme Park and local wineries contribute to local tourism. The Economic Prosperity Element contains goals, policies, and programs that aim to improve the balance between jobs and Gilroy’s workforce, grow businesses within Gilroy, and attract new businesses and industries.
