Senate Bill 9 (SB 9) is a new California State Law taking effect January 1, 2022.

Similar to previous state legislation on Accessory Dwelling Units (ADUs), SB 9 overrides existing density limits in single-family zones. SB 9 is intended to support increased supply of starter, modestly priced homes by encouraging building of smaller houses on small lots.

**SB 9 WAIVES DISCRETIONARY REVIEW AND PUBLIC HEARINGS FOR:**

**BUILDING TWO HOMES**

ON A PARCEL IN A SINGLE-FAMILY ZONE &

**SUBDIVIDING A LOT INTO TWO**

THAT CAN BE SMALLER THAN REQUIRED MIN. SIZE

Used together, this allows 4 HOMES where 1 was allowed before.

SB 9 CAN BE USED TO: Add new homes to existing parcel • Divide existing house into multiple units • Divide parcel and add homes

**WHAT IT CAN MEAN FOR DEVELOPMENT OF NEW HOMES**

Illustrations are based on a preliminary analysis of the law. Details are subject to change and are for informational purposes only.

**VACANT LOT**

- **NO UNITS**

**LOT WITH SINGLE-FAMILY HOME**

- **1 UNIT**

**LOT WITH NONCONFORMING DUPLEX**

- **UP TO 2 UNITS (NONCONFORMING)**

**LOT WITH SINGLE-FAMILY HOME AND AN ADU**

- **1 UNIT + 1 ADU/JADU**

**USING SB 9 WITHOUT A LOT SPLIT:**

- Without a lot split, SB 9 does not limit the number of ADUs or JADUs (B2, D2) - but other laws might.
- SB 9 **could be interpreted** to allow 2 new units beyond an existing unit (up to 3 units/lot, plus any allowed ADUs/JADUs).

**USING SB 9 WITH A LOT SPLIT:**

- SB 9 does not require jurisdictions to approve more than 4 units total, including any ADUs/JADUs.

**SINGLE-UNIT DEVELOPMENTS**

SB 9 can be used to develop single units - but projects must comply with all SB 9 requirements.

*Legally constructed but not currently permitted. Check your local ordinance for nonconforming use policies.

### Does the Project Qualify?
#### 2-Unit Developments and Lot Splits
- Single-family lot (usually R-1)
- Located in an urbanized area or urban cluster
- Not in state/local historic district, not an historic landmark
- Meets requirements of SB35 subparagraphs (a)(6)(B)-(K):
  - **PROPERTY CANNOT BE:**
    - Prime farmland or farmland of statewide importance
    - Wetlands
    - Identified for conservation or under conservation easement
    - Habitat for protected species
  - **PROPERTY CANNOT BE (UNLESS MEETING SPECIFIED REQUIREMENTS):**
    - Within a very high fire hazard safety zone
    - A hazardous waste site
    - Within a delineated earthquake fault zone
    - Within a 100-year floodplain or floodway
- Project would not alter nor demolish:
  - Deed-restricted affordable housing
  - Rent-controlled housing
  - Housing on parcels with an Ellis Act eviction in last 15 yrs
  - Housing occupied by a tenant currently or in last 3 yrs

#### Addtl. Qualifications for 2-Unit Developments
- Project does not remove more than 25% of exterior walls on a building that currently has a tenant or has had a tenant in the last 3 yrs even if the rental unit itself isn’t altered

#### Addtl. Qualifications for Lot Splits
- Lot is split roughly in half - smaller lot is at least 40% of the original lot
- Each new lot is at least 1,200ft²
- Lot is not adjacent to another lot by SB 9 by the same owner or “any person acting in concert with the owner”
- Lot was not created by a previous SB 9 split

### Limitations Applied
#### 2-Unit Devs. and Lot Splits
- Agencies **MUST** only impose objective zoning standards, subdivision standards, and design standards (they may impose a local ordinance to set these standards)
  - These standards **MUST** not preclude 2 units of at least 800ft²
- Projects must follow local yard, height, lot coverage, and other development standards, **EXCEPT:**
  - A local agency **MAY NOT** require rear or side setbacks of more than 4 feet, and cannot require any setback if utilizing an existing structure or rebuilding a same-dimensional structure in the same location as an existing structure
  - Project **MAY** be denied if a building official makes a written finding of specific, adverse impacts on public health or safety based on inconsistency with objective standards, with no feasible method to mitigate or avoid impact
- Agency **MAY** require 1 parking space/unit, unless the project is:
  - Within 1/2 mile of “high-quality transit corridor” or “major transit stop”
  - Within 1 block of a carshare vehicle
- Agency **MUST** require that units created by SB 9 are not used for short-term rental (up to 30 days)
- Agency **MUST** allow proposed adjacent or connected structures as long as they comply with building codes and are “sufficient to allow separate conveyance”
- **HOAs **MAY** restrict use of SB 9

#### Addtl. Qualifications for Lot Splits
- Without a lot split, agency **CANNOT** use SB 9 to limit ADUs/JADUs e.g., lot can have 2 primary units +1 ADU +1 JADU
- Agency **MUST** include # of SB 9 units in annual progress report
- **Project MUST** be for residential uses only
- Applicant **MUST** sign affidavit stating they intend to live in one of the units for 3+ years
- Agency **MUST** include number of SB 9 lot split applications in annual progress report
- Agency **CANNOT** require right-of-way dedications or off-site improvements
- Agency **CANNOT** require correction of nonconforming zoning conditions

### Relationships to Other Laws
- **CEQA** Does not apply to 2-unit or lot split approvals or ordinances implementing 2-unit or lot split provisions
- **Coastal Act** Applies, but no public hearings needed for duplex and lot split coastal developments
- **Housing Crisis Act** Local ordinances cannot impose restrictions that reduce the intensity of land use on housing sites (including total building envelope, density, etc.)
- **SB8** SB 9 projects are subject to Permit Streamlining Act deadlines
- **SB478** Does not apply to single-family zones

### Key Decisions for Agencies to Make
#### Whether to Require:
- 1 parking space per unit
- 2-UNITs Septic tank percolation tests
- 2-UNITs Owner-occupancy
- SPLIT Public services/facilities easement
- SPLIT Right-of-way easements

#### Whether to Allow:
- Creation of lots <1,200ft²
- SPLIT >2 units/new lot

### Define:
- Objective zoning/subdivision/design review standards
- “Acting in concert with owner”
- “Sufficient for separate conveyance”

### Create:
- Application forms and checklists
- Recording of deed restrictions for short-term rentals and future lot splits
- Owner-occupancy affidavit

---

1 Defined by the Census Bureau
2 See Section 6593.4(a)(6) Exclusions for full details and definitions
3 Lot can split, then new units added to the lot w/o the Ellis-affected building
4 Each lot can be smaller than required minimum lot size
5 This number can be lowered by local ordinance
6 If min. size is 1,200ft², this requires a 2,400ft² lot, or 3,000ft² if a 60/40 split
7 This does not apply to previous lot splits taken under usual Map Act procedures
8 “Objective” as defined by the Housing Accountability Act
9 See Sections 21155 and 21097 of the Public Resources Code for definitions
10 Unless the applicant is a land trust or qualified non-profit
