APPLICATION SUBMITTAL CHECKLIST

Your success is our success! The application submittal checklist is an essential document towards successful processing of your development request. We want to help you achieve the best project possible, while fulfilling the community's goals and expectations of policies contained in the Gilroy General Plan and other important documents. We understand that processing your application with minimal delay is important, and we will do everything we can to provide an expeditious process for your request.

Why all the details? Each submittal item is important to clearly, entirely, and accurately illustrate and describe your project for city staff, the community, and decision-makers. These details are necessary to demonstrate how your project meets various development standards and regulatory requirements. Unnecessary delays (later in the process) can be avoided with this clear understanding of your request at the beginning. A more detailed application submittal will result in better comprehension of your proposal.

No partial application packages, please! In order to efficiently review your application, planning staff cannot accept partial submittal packages, or poor quality graphics. Detailed information in this packet is provided for your convenience. In addition, staff is available to assist with clarifications on the required submittal items or permit process.

Who can prepare the plans? The plans must be prepared by a professional designer, such as an architect, landscape architect, civil engineer, or a drafting service, unless the applicant can demonstrate an appropriate level of graphic ability. In most cases, plans to be submitted for building and/or engineering permits (after the Planning permit process) must be prepared by specific licensed professionals, and having these professionals prepare plans for the planning permit may save time later.

APPLICATIONS ARE ACCEPTED BY APPOINTMENT ONLY (call 408-846-0440)
