PROVIDE THE FOLLOWING INFORMATION ON THE SITE PLAN

- Width of sidewalk
- Location of the vending operational area with dimensions
- Location and dimensions of any shade structure, pop-up tent, or similar device

DEMONSTRATE COMPLIANCE WITH THE FOLLOWING SEPARATION DISTANCES

- Maintaining at least five feet or 50% of the overall width of the sidewalk or other pedestrian path, whichever is greater.
- Maintenance of any portion of the sidewalk below a minimum of forty-eight inches excluding curb, and excluding any sidewalk areas that are made non-passable due to any natural barriers or other existing conditions or obstructions such as posts, parking meters, street trees, planters, or signs that are located on the sidewalk.
- Maintenance of at least forty-eight (48”) from the following:
  - Corner of any street intersection;
  - Any fire hydrant, emergency exit, or other emergency facility;
  - Any curb which is designated as white, yellow, green, blue, or red zone, or a bus zone;
  - Any egress and ingress location of a building, facility, or stairway access point; or
  - Any driveway or driveway apron.
- A separation distance of at least fifteen feet (15’) from any storm drain
- A separation distance of at least twenty-five feet (25’) from an automatic teller machine (ATM)
- At locations where on-street parking is angled to the curb, a setback of three feet (3’) from the curb face
