DESCRIPTION

- 7a. Architectural style: Bungalow
- 7b. Briefly describe the present *physical appearance* of the site or structure and describe any major alterations from its original condition:

As California bungalows go, this house would be classified as a very good example. It has a low double gable roofline with latticework in the apexes of the gables, exposed rafters and support brackets, and stucco walls. The finishing touch is, of course, the elephantine columns on the recessed porch which give this house the 100% California look.
