DESCRIPTION
7a. Architectural style: Pioneer
7b. Briefly describe the present physical appearance of the site or structure and describe any major alterations from its original condition:

This two story home with a cross gable roofline, enclosed eaves and bargeboard decoration in the gables has clapboard siding, a raised foundation and some additional rooms built on the west side. Almost unclassifiable due to the unusual mixture of styles, this modified pioneer design structure has some fancier, neoclassic features, like the bay windows located on the north and south sides and the beveled columns which support the veranda porch. Adding to the confusion is the unusually small size of the porch the stick-work railing, and the two small, aluminum frame windows located high on the second story wall facing Alexander Street.
