The Bicycle Rack Decal Program places a brushed aluminum vinyl decal on current and future bike racks throughout the City of Gilroy. Bicycle racks are currently located in Historic Downtown Gilroy. Decals are reminders of the donor or organization, in support of the Gilroy community. Each decal would include names, dates, and perhaps adjectives or short phrases (especially nice for interaction with the viewer). The decal will be placed on the bike rack for a period of 5 years. After the 5 years are completed, the original donor will have the right to make a donation to keep the decal for another 5-year period or give up the space to another donor.

All profits will be used entirely to support local public bicycle projects.
Your participation is sincerely appreciated.
